To whom it may concern:

My name is John A Cameron and I am a 54 year old retired cold case detective from Great Falls, Montana. I am writing you regarding the May 5th, 2009 killing of Sheri, Gavin and Garret Coleman in Columbia, Illinois.

In June of 2010, while working for the parole board in Montana, I befriended a serial killer named Edward Wayne Edwards. He killed in my hometown of Great Falls, Montana in 1956 at age 22, and got away with it. He didn't get caught for his first murder until July 30th, 2009 when he was 76 years old.

I exchanged letters and phone calls with Ed Edwards and investigated his life for the past 5 years. Using 66 years of court records, criminal records, and interviews of hundreds of witnesses, family members, cousins and living victims, I published a book in June of 2014 titled, *"It's Me! Edward Wayne Edwards, The Serial Killer You NEVER Heard Of."*

My investigation revealed that Edwards started killing in 1945 in Illinois and killed, on average, 10 a year up until 2009. Edwards was a genius level psychopath starting at age 11 and set people up his entire life in practically every state. I found approximately 200 murders spanning 66 years, and out of those, one quarter involved a set-up, and innocent men went down for his murders. Edwards' victim count is over 500 people, and he announced that many in 1997. He was free until 2009.

The FBI never fully investigated Edward Wayne Edwards after he was identified as a serial killer in 2009. Edwards had been an FBI informant for decades and used his informing as leverage for lighter sentences on his criminal activity. Edwards was not only a serial killer, but a genius criminal, making money on Bank Robbery, Horse Trading, Check Kiting, Insurance Fraud, and every type of crime there is.

Edwards' goal was to become the best criminal ever.

Attached is a review of the May 5th, 2009 Coleman family murder, and the evidence that Edward Wayne Edwards planned the killings years in advance as his last murder before his capture, July 30th, 2009, and signed his name on the walls of the murder scene in red spray paint.

AN OVERVIEW OF EDWARD WAYNE EDWARDS LIFE

Edwards wrote a book and published it in 1972. He was 39 years old and had just been released from Leavenworth Prison for Bank Robbery. He was on federal parole from 1967 until 1977. The book titled, [*Metamorphosis of a Criminal, The True Life Story of Ed Edwards*](#), ended up being a serial killers writing puzzle of all of his killings over a 66 year period. Edwards taunted the police, public and press with messages and writings on the walls at his crime scenes. The cover of his book was also a hidden message from a serial killer:

“NOW HE IS A WRITER”

After Edwards published his book in 1972 and up until his capture in 2009, he traveled the country with his wife and kids claiming he was a reformed criminal, portraying himself as a happily married family man with 5 kids and 11 grandchildren. He would speak at churches all over the country, and then kill someone close to the congregation, always steering the evidence to someone innocent. Metamorphosis of a Criminal was the Metamorphosis of the worst serial killer in modern times.

Edwards was never reformed and killed from 1945 until his death April 7th, 2011. He continues to kill in his afterlife because his M.O. was to set people up and watch the system execute and incarcerate innocent people. There are currently [dozens of known men in prison](#) on his murders, some awaiting execution.

The Coleman family murder was Edward Wayne Edwards last murder and set-up before his capture. He had set-up 2 men for his murders in 2008, in Florida and in North Carolina. Edwards chose Illinois as the end because it is also where it all began when he was 12.

After the publication of my book and several international radio interviews, readers and listeners helped to tie Ed Edwards to Google True Crime Blogs beginning in 1996. Edwards used the screen names [JoeIorbit and JenIorbit while blogging.](#)

From 1996 until his capture in 2009 Edwards blogged on websites about murders he created. On Google True Crime Blogs Edwards announced that he had been killing for 50 years (1946-1996) and had killed 500 people as of January 8th, 1997. Edwards announced his count 13 days after he killed JonBenet Ramsey in her home, strangling her to death like the Coleman's, and attempting to set-up her parents. Edwards was free to kill and set-people up until July 30th, 2009 when he finally got caught at age 76. Edwards set-up over a half dozen men in his last 13 years of killing, in 6 different states.

Edwards was a writer and publisher his entire life, publishing his own confessions to murder throughout his life, first by leaving red writings and ransom notes at his murder scenes, taunting the police with his identity, and then publishing his 1972 book. Websites and blogs became his publishing venue as he got older. Edwards was a computer genius since 1968 and could hack into any computer system at the highest levels of any organization and government.

Edwards was inside the Criminal Investigation Bureau for the US government since 1950 when he became an FBI informant at age 17. This is why he referred to himself as the “Foreign Faction” in the JonBenet Ramsey Ransom.

Mr. Ramsey,

Listen carefully! We are a group of individuals that represent a small foreign faction. We ~~don't~~ respect your business but not the country that it serves. At this time we have your daughter in our possession. She is safe and unharmed and if you want her to see 1997, you must follow our instructions to the letter. ...

1996 Ramsey Ransom Note

Edward Wayne Edwards age 17

In 1950, Edwards was accepted into the Marines under false pretenses. He went AWOL in September of 1950 and was captured at age 17 in Florida in 1951. He started informing to FBI agents in Florida on [Communist Sympathizer Morton Sobell](#) and was released.

Edwards never got caught for murder until 2009 but had been in and out of prison since 1947 for arson, armed robbery, burglary, kidnapping, auto theft, impersonating an officer, and insurance fraud. He was officially diagnosed a sadomasochist in 1949 at age 16. Edwards had access to top secret information and data bases by being inside the Criminal Investigation Bureau of the Armed Services. Edwards also had a son Jeff Edwards, who worked for Lockheed Martin in Alabama and had top secret clearance.

Edwards is the real Zodiac Killer from San-Francisco, 1968-70 who sent a 13 character writing puzzle to the press claiming when solved, it would reveal his name. **(Page 60 my book)**

In 2010, I and a colleague broke Edwards' 13 characters Zodiac Code and it revealed the name Edward Edwards, whose name is 13 characters. Edwards had used letters from his name in mirror image as symbols to create the puzzle.

Edwards wrote on walls at his murder scenes since age 12, and the writings would contain his identity. The writings were illusions, and contained hidden text that revealed his name. Edwards taunted the police with his name for 66 years because his real name was not Ed Edwards, it was Charles Edward Meyers. One reason he targeted Joyce Meyer was just because of the name Meyer. Edwards' puzzles could all be solved once you knew the solution.

Edwards used mirror imaged letters in the writings at the Coleman Murder Scene that also contained his name.

The message “I SAW YOU LEAVE” contained all the letters, numbers and apostrophe to the 13 character phrase: “I’m Ed W Edwards” The letters and numbers were in mirror image, or upside down and sideways within the writing.

Eds 47

Edwards was into “Mirrored Worlds” which stood for this life and his afterlife. In 1969 he wrote that he was “killing and collecting slaves for his afterlife.” In his puzzles he left letters and numbers in mirror image. By leaving the name “EDS” and the numbers “4 and 7” obvious in the puzzle, all an investigator has to do is Google search “Eds 1947 murder” and the first thing that comes up is Edward Wayne Edwards 2002 confessional website titled:

www.blackdahliaresolution.org [Solving the crypto grams](#) Edwards released the site 7 years before he killed the Coleman family. On the site he details how to crack his codes.

The message that police stated said “I SAW YOU LEAVE” was an illusion created by Ed Edwards, using letters and numbers from his name to form the phrase, but contained in the words themselves were all the letters to his name. Edwards also left 47 in the puzzle as a clue to the solution to his beginning, [January 15, 1947, when he killed the Black Dahlia](#) and became a serial killer. He then confessed to being “The Lipstick Killer, The Zodiac Killer and the killer of The Black Dahlia, on a website he published at age 69 in 2002, 7 years before setting up Christopher Coleman. 777 stood for [Liber 777, Aleister Crowley’s blue print for murder and mayhem.](#) Edwards was a Satanist and had studied Aleister Crowley since 1938, when he was 5.

At the Coleman murder scene Edwards wrote “U HAVE PAID.”

The word PAID was made with the following letters LDAHIA=DAHLIA

If you “Google Ed, 1947 and Dahlia” Edwards confessional website to his 66 years of killing will come up and he details on the site how to break his codes within his writings.

After publication of my book in 2014, I tied Edward Edwards to the Coleman Family murder in Columbia, Illinois, May 5th, 2009. It was his last triple murder before his capture. His first triple murder was also in Illinois, and he became a serial killer in 1947. Edwards described on his confessional website www.blackdahliasolution.org how to break his ciphers and writing codes from all his murder scenes. Here is a portion of what he said:

“The "ZODIAC killer" of the late 1960s used this type of cipher in some messages he mailed to San Francisco-area newspapers.

And the 1947 Black Dahlia killer used another type of cipher in cryptograms he sent to LAPD and the LA Examiner. His cerebral ciphers fall under the category of "concealment systems." These systems include the various ways of disguising a secret text or meaning. A message or code might be hidden in the 1st letters of words in an otherwise innocuous text such as: "Give me a square deal." Secret text might be concealed within the last letters of words in cover text, or within the 2nd or 3rd letters, or cryptic text might be indicated by pin pricks above significant letters or by shaded letters: we saw this in Ed's 2nd message. And secret text might be hidden in last letters of lines, or along "routes", through cover text: we saw this in Ed's 2nd message. Grilles have been used in placement of elements of a secret text, after which the rest of the innocent cover/dummy text was filled in: Ed might have utilized a grille . . . And sage Sir Francis Bacon was doing concealment systeming 350 years before Ed Burns. One of the most famous

concealment ciphers was invented by Bacon. He devised a 5-place-binary-counter/alphabet table where 00000 corresponds to A, 00001 corresponds to B, 00010 corresponds to C, 00011 corresponds to D, 00100 corresponds to E, and so on . . . And with upper-case letters to represent "0"s, and lower-case letters to represent "1"s, and a conceptual lumping of dummy-message letters into groups of five, Sir Francis was into concealment.”(Ed Edwards November, 2002)

Edwards left his full name in the writings on the wall at the Coleman murder scene using the system he described above.

Edwards steered the evidence in the Coleman case across the Mississippi River to St. Louis, Missouri where Chris and his wife Sheri were both employed by religious organizations, Sheri by Destiny Church and Chris by Joyce Meyer Ministries.

Edwards planted a DVD faceplate taken from the home, twine and a glove along the bridge and highway that connects Columbia, Illinois to St. Louis, Missouri. Christopher Coleman used this route the morning of the murders to go to the gym.

Columbia is a name Edwards had used in his 1972 book *Metamorphosis of a Criminal* 5 times. After the book was published he killed in cities that had the same name as he mentioned in his book. [Columbia](#) was mentioned on pages 88, 89, 90 and 98.

Edwards had killed an Editor of a major newspaper in Columbia, Missouri 8 years before the Coleman murder on Halloween night 2001. He chose Halloween to kill because it leads into November 1st, Catholic All Saints Day. Edwards was raised, beaten and abused in a Catholic Orphanage in Cleveland, Ohio from 1938 until 1946. Because of this, Edwards became a Satanist Serial Killer starting in 1947. Edwards followed Aleister Crowley’s blue print for murder and mayhem, [LIBER 777](#). Edwards used three mirror imaged 7’s in his writings at the Coleman murder scene as a clue to the ritualistic nature of his murders.

7

Edwards MO throughout life was to kill and set some-one up. He would write threatening letters and messages written in red For [“Ra” or “Satan.”](#) Edwards would tempt the people he has chosen to set-up or kill with the [7 deadly sins](#), and then kill someone close to them, making them live with it. “They have paid” was his motto. Christopher Coleman was having an affair which is

the violation [of lust](#). Edwards set-up Chris to make him pay for his sins and terrorize a quiet community. He also wanted to “Punish” Sheri Coleman’s family who was from Chicago.

LOOK AT THE WORDS CLOSELY, THEY CONTAIN HIDDEN TEXT

In 2001 Edwards killed in Columbia, Missouri and set-up Charles Erickson and Ryan Ferguson. Erickson is still serving and Ferguson was released last year. Edwards kills on Holidays, Halloween, July 4th, Christmas, Easter and Cinco de Mayo.

The day the Coleman’s were killed, May 5th, 2009, is [Cinco de Mayo](#). Many in the USA mistake it for Mexico’s Independence Day. Edwards killed three 8 year old boys in 1993 on Cinco de Mayo. Edwards killed on USA’s Independence Day July 4th, in 1954 and 1969. Edwards killed on religious holidays and significant events from history.

The writing on the walls at the Coleman murder scene contains the name Edward W. Edwards in mirror imaged letters within the phrases. The writings contained hidden text and messages from the killer that would identify him. It was his signature that he was the killer. The writings also contained the Greek symbol “Theta” for the “A” in the words “Watching” and “Always.”

In its archaic form the Greek Theta, Θ was represented as a cross within a circle \otimes and later, as a line or point within a circle. \odot Edwards had used these symbols in his [Zodiac Killer cryptograms and writings from 1969](#).

In 1945, 46, and 47, Edwards wrote in Red Lipstick on the walls at three murders known as the [Lipstick Killings](#). Edwards taunted police with his identity within the messages, using letters from his name to form the messages and threats. Edwards set-up [17 year old William Hierens](#) who died in 2012 after 66 years in an Illinois prison, innocent. This is why Edwards targeted Illinois to end because it was the beginning.

Edwards was 13 in 1947 when he became a serial killer and that's why he left the number 47 in the writings on the wall at the Coleman's. It all began when he killed 3 in Illinois and 1 in California in 1945-46 and 47, when he was 13 years old.

Edwards chose Missouri to taunt because he was housed in the psychiatric ward of Springfield, Missouri Federal Prison in 1953 and conned his way out of prison by claiming mental illness. He was 76 on July 30th, 2009 when he finally got caught. He was caught 3 months after the Coleman murders.

Edwards MO throughout life was to set people up for his murders and watch the system execute innocent people. Illinois had the longest serving set-up, [William Hierens](#) who served 66 years as the Lipstick Killer and died March 6, 2012 in an Illinois prison.

The Reason the Coleman's Were Targeted

Christopher Coleman and his family were targeted by Edwards because they lived in Illinois where it all began in 1945 with a triple killing. Christopher was also employed by Joyce Meyer Ministries where he was the head of security. Christopher's father was a pastor in Chester, Illinois. Edwards targets religious families to destroy and they have to have a connection to his 1972 book. Edwards wrote the name Coleman in his 1972 book:

assisted with intelligent and imaginative suggestions. Paulette Coleman, housewife, patiently set her nimble fingers to the task of typing.

Paulette Coleman was a typist who had helped Edwards type his book. That is why some of the notes in the Coleman mailbox were typed. Edwards would target and kill someone with the name Coleman just to tie it to his book. That was his M.O. He tied all of his future murders to names and locations in the book.

[Joyce Meyer Ministries](#) was targeted by Edwards because of her name and position in a religious organization. Edwards' real last name was Charles Edward Meyers. Edwards placed the name Meyers once in his book.

Edwards also lied in his book, calling himself Charles Murray and misspelling his mother's last name. By lying in the book it made his real identity harder to figure out. You had to investigate him and follow his life. The FBI never investigated Edward Wayne Edwards after his capture in 2009.

[REDACTED]

I was born Charles Murray on June 14, 1933, in Akron, Ohio. My mother was Lillian Myers. I was told that she was my aunt. I didn't find out until I was 16 years old that I was my "aunt's" illegitimate child.

After the death of his mother in 1938, Edwards name was changed from Charles Edward Meyers to Edward Wayne Edwards. He was raped, beaten and abused in a Catholic Orphanage and escaped in 1945 at age 12. He started killing people based on Satanism, and teasing people with his identity. Edwards wrote on the walls at a triple murder scene with Candy Apple Red lipstick in 1945-46:

The 1945-46 writing and the 2009 Coleman Murder Scene writings were all authored by Edward Wayne Edwards. Edwards was 12 years old and diagnosed a sadomasochist when he wrote the message to “Catch Him,” taunting authorities with his high IQ. His 1947 Psychological Evaluation stated:

Szondi

The Szondi shows our subject is socially maladjusted. He has a strong need for passive affection and attention. There is sexual conflict suggestive of sado-masochistic nature. Emotional outbursts can be expected, and Wayne is likely to show such reactions to outside experiences. Negativism and impulsive behavior are evident. It can be antisocial and of a criminal nature. This boy is overconcerned with age and has a strong dislike for old people.

Edwards became a Satanist at a very young age and created what he called “Crimes of Recognition.” What that meant is he would target people that are in the press getting recognized, and steal their thunder by killing someone close.

Edwards targeted Joyce Meyer Ministries to destroy because Joyce was all over the press in 2007-2008, being publically humiliated by a congressional committee looking into her finances. Edwards threatened the ministry in the notes left at the Coleman home the 6 months prior to the murders.

The ministry was across the river from Columbia, Illinois where the Colemans were killed, and near St. Louis, Missouri. By targeting the Colemans in Illinois, and steering the evidence across state lines to Missouri, Edwards brought in the FBI.

The messages Edwards wrote throughout his life were targeted to the experts at the FBI. Edwards challenged cryptologists and handwriting experts his entire life. In 1981, Edwards sent the Atlanta Child Killer FBI Task Force the following letter as a taunt. He had just killed 24 little black kids, laying them out in police parking lots, and set-up Wayne Williams who is still serving time in Atlanta. The following poem Edwards sent describes his M.O.:

*You're all afraid you're all upset
Cause none of those cops have caught me yet
I struck again and didn't leave a clue
And now the whole damn city doesn't know what to do*

*You finally found Lube; he's been there all the while
Keep looking, you'll find another child
You think that number stops at nineteen?
Man there are some things you haven't seen*

*One night some kids got killed in a fire
I struck the match so the death toll is higher*

*But you can't seem to catch me, I wonder why
Thousands of you see me each day as I pass by*

*It's pathetic to think that I can getaway
With first degree murder on any chosen day*

*Politicians worry as the plot thickens
Leaders running around like headless chickens
All kinds of cops can't cooperate with each other
You'll never catch me, you bumbling mothers*

*Come back from the ridiculous to the sublime
And you will find I have been with you every time
You better start looking before it's too late
Or there will be another 50-48 (dead cop)*

*So before I leave you with this piece of evidence
Don't do something stupid like dust it for prints*

Signed: The Ghost Killer

Edwards was a genius level psychopath that liked to taunt the police and press with messages, riddles and puzzles.

Edwards may have targeted the Colemans years before it happened, possibly as early as 2001 when Sheri's cousin [Enrico J. Maribelli](#), a prominent lawyer in Chicago, filed suit against [HBO, Time Warner and the show The Soprano's](#). Edwards targeted people to destroy that were in the press. Sheri's mother's family, DeCicco was a well-known Chicago name and Enrico Maribelli, Sheri's cousin was getting a lot of press.

As the Zodiac Killer Edwards taunted the famous lawyer [Melvin Belli](#). Sheri Coleman's cousin was a famous lawyer in Chicago whose last name was similar to the name Melvin Belli-Mari-Belli. Edwards chose his victims years in advance to match names and locations of previous famous murders he had committed. Chicago is where he started killing in 1945 and Chicago is where he planned to destroy an innocent family in 2009 to end.

(12-20-1969 Zodiac Killer Letter to Belli)

Dear Melvin

This is the Zodiac speaking I wish you a happy Christmas. The one thing I ask of you is this, please help me. I cannot reach out for help because of this thing in me won't let me. I am finding it extremely difficult to hold it in check I am afraid I will loose control again and take my ninth & possibly tenth victim. Please help me I am drowning. At the moment the children are safe from the bomb because it is so massive to dig in & the trigger mechanism requires much work to get it adjusted just right. But if I hold back too long from now on I will loose ~~complet~~ all control of my self & set the bomb up. Please help me I can not remain in control for much longer.

December 20 1969, Edward Wayne Edwards Melvin Belli Letter

Sheri Coleman's cousin Enrico Maribelli had sued HBO in 2001 and he was all over the press. Edwards also went after HBO. Edwards killed 3 boys on May 5th, 1993, the same date as the Coleman murder and HBO did a documentary on the murder. Edwards conned a cameraman filming the [HBO documentary Paradise Lost in 1993 and got himself filmed standing over the grave](#) of one of the victims, holding the cane, which was the murder weapon. He set-up 3 teens known as [The West Memphis Three](#) for the killings, and they served 18 years, released 2 years ago.

Edward Wayne Edwards 1993

Nobody knew the killer was amongst them at the time of the filming. "I'm Always Watching" is what Edwards wrote at the Coleman Scene. It meant he was always in front of the investigation.

Edwards targeted Hollywood movie makers his entire life because they were creating movies on his murders that were false. Edwards may have appeared at the funeral of Sheri, Gavin and Garret. I have not received the DVDs yet.

Edwards was always in front of everyone under assumed identity, watching. Edwards chose his victims so that his killings would create mass media, terror and recognition. In 2009 Edwards portrayed himself in public as an invalid with a cane and a wheel chair. He was never an invalid, but portrayed himself as one when he was in public, and with his wife. When he was not with his wife he could do anything. He flew in and out of his murder scenes through private chartered aircraft. He had private plane connections in Chicago and Florida.

After Sheri and the boys were killed, Enrico J. Maribelli filed a restraining order against the Coleman's, trying to get the funeral and the bodies of Sheri, Gavin and Garrett moved to Chicago. Maribelli created mass recognition after the murders by fighting publicly with Christopher Coleman and his family.

Edwards knew exactly what he would create by pitting families against families in his killings. He created hatred amongst family members and friends his whole life, steering the evidence to the innocent and "Watching Always" as the system and people destroyed each other. "You Have Paid" was meant for the surviving family members destroyed by Edwards. They would have to live with what they said and did to others, and then, when the truth about his murders is finally revealed, everyone would look stupid and foolish. Christopher Coleman is paying, having his family killed, his entire personal life thrown out in public for the media to exploit, and spend 300 years in prison for having an affair.

Sheri's mother's name was DeCicco, a famous Italian Mafia name. [Frank DeCicco](#) was the underground boss for the Gambino family. [George DeCicco](#) was also tied to the Gambino family. Whether or not Sheri's family was mob related would not have mattered to Edwards. It was the connection to the name DeCicco and Chicago. Edwards hated the mob and set mobsters up in the past. Edwards had informed to the FBI in 1979 on the Jimmy Hoffa disappearance. This is documented in his NCIC [criminal records](#). He attempted to set-up Italian mobster [Tony Provenzano](#).

The Coleman family murder was a ritual murder planned years in advance. Edwards is a ritual killer, meaning he commits his murders on specific dates, places, names and locations.

At the time of the murders, Columbia, Illinois's Police Department was headed by a man named Chief Joseph Edwards. This was one more reason Edwards chose Columbia and the Coleman's. He wanted to taunt Chief Edwards with his IQ.

There were no reported murders in Columbia in the years prior to the murder. The town sits at the state line crossing from Illinois to Missouri. It's a very white, clean community with no violence. By choosing Columbia to kill in, Edwards would taunt an in-experienced police department, and bring in the FBI. Edwards taunted the FBI with writings and puzzles since 1945. He chose his locations and victims meticulously.

Edwards was a ritual killer who killed using rope, knife gun and fire. He would strangle, shoot, stab, dismember, and eat the flesh and blood of man. It was all based on Satanism, ancient Egyptian history and Aleister Crowley's writing's including, [LIBER 777 murder and mayhem](#). Black magic is what Edwards understood. Edwards Created allusions in writings that taunt authorities to, "Figure it out."

Edwards would ritualistically kill 3 people at a time as a representation of Jesus and the 2 sinners by his side. Edwards had killed 1, 2,3,4,5 and 6, all at one time in a pattern over 66 years of killing. He gained trust with many of his victims by grooming his way into their lives unbeknownst to them. He had done triple killings in Chicago in [1945](#) and [1955](#), laying his victims out ritualistically, like Sheri Coleman was.

THE WRITINGS AND THREATS AT COLEMAN SCENE

The following is a review of the evidence that Edward Wayne Edwards committed the Coleman murders and staged the scene to implicate Christopher Coleman. This review will refer to my book that also contains copies of letters and writings of Edward Edwards. I will also be referring to Ed Edwards' 1972 book:

[Metamorphosis of a Criminal, Available Here as a Searchable PDF for Free.](#) A [life Timeline](#) of Edward Wayne Edwards and his killings and set-ups can be found on my website, ["Coldcasecameron.com"](#)

CAUTION GRAPHIC CONTENT

On May 5th, 2009 Sherri age 31, Gavin age 11 and Garrett Coleman age 9, were strangled in their beds as they slept in their home in Columbia, Illinois, a community across the Mississippi River from St. Louis, Missouri. The killer sprayed messages on the walls and on the bodies of the victims with Gloss Apple Red spray paint.

The killer staged Sherri's body face down and crosswise on a round bed with her ankles crossed and arms out and bent at the elbow. Sherri's head was hanging near the edge of the round bed with her hair draped over her face. She had been strangled while under the covers while the killer straddled her back. She was then "Staged" and repositioned on top of the covers crosswise on the bed. This picture shows Sherri rolled over by police. The original positioning was face down and crosswise on the bed.

The bed Sherri was killed on was round and out of the ordinary. According to Christopher Coleman, he was out of the country on a trip with Joyce Meyer Ministries when Sherri called and told him that someone donated a round bed to the church where she was a receptionist. The bed was said to be a display model and never used. Chris told Sherri that he wanted a regular bed with a head board. Sherri had the bed delivered to the house but it is unknown by whom. The bed was sectioned into quadrants and the frame and mattress were shaped like a circle and cross.

Former [FBI Agent Mark Safarick](#) was hired by Columbia Police Chief Joe Edwards after the murder to do a behavioral study of the Coleman crime scene. He describes how Sherri was staged and had been repositioned after she was killed.

A review of the crime scene and autopsy photographs revealed that the victim was found nude lying on her bed face down. According to Coleman, **Sheri** slept nude most of the time and had been sleeping nude that night. She was positioned such that she is lying on top of both the comforter and multi-colored blanket. She is also lying perpendicular to the location of the pillows at the head of the bed. Her location on top of the covers and lying crosswise on the bed (10051.jpg) is inconsistent with the position that Coleman reported last seeing **Sheri** in when he left that morning. He said that when he got up **Sheri** was lying next to him in bed asleep. If she had been attacked while she slept she would have struggled. Even in struggling she would have remained both under the covers and in relatively the same position as she slept because the offender would have been on top straddling her so he could control her movement and effect the strangulation. With the offender strangling her from behind and sitting astride her, **Sheri**, at 95 pounds, would have had little to no leverage to move.

Edwards strangled Sheri while she was under the covers and then repositioned her after death on top of the covers, face down, crosswise on the bed, arms bent at elbows, legs crossed at ankles and head hanging slightly off near the edge of bed. Her hair was purposely draped over her face. Edwards laid her out as Jesus was laid out on the cross only this represented Satan's Cross to him.

In the year prior to her death, Sheri was convinced by someone to get the round bed and get a tattoo. The tattoo was the word "Jesus" in Hebrew placed on the back of her neck. This tattoo was facing up when Sheri was found.

Sherri had injuries to her face.

hemorrhages. There was subgaleal hemorrhage noted in the left temporal region and in the left temporalis muscle. The right temporalis showed much smaller area of hemorrhage. There were also areas of subgaleal hemorrhages noted in the frontal scalp and left occipital scalp. A small contusion was noted on the upper lip. This measured 1 cm.

Gavin Coleman, age 9 was on lying on his right side and had strands of long black hair on his face and neck. Gavin had bruising on his arms and was hit on the front of his head. He had been strangled in his sleep. His Larynx was fractured. The killer wrote what appeared to be “Fuck You” on his bed but the Y in “You” appeared to be more like a 6.

FROM AUTOPSY REPORT

The next autopsy was conducted on Gavin Coleman. As the autopsy began you could see a large amount of what appeared to be Ms. Coleman’s hair on the side of Gavin’s face and neck. There was a ligature mark on his neck consistent with his mothers. Gavin also had what appeared to be small scratches on his chin, neck and cheek. He also had what appeared to be a restraint type of bruising on his left bicep. There was also a bruise on the skull in the front of his head. Gavin also had a fractured larynx.

Garrett Coleman, age 11, was on his left side and had strands of long black hair on the right side of his face and neck. The killer used the spray paint to spray a circular type pattern on Garrett, but may have run out of paint before finishing.

From Autopsy Report:

The last autopsy was on Garrett Coleman. On first inspection of the body, Garrett also had what appeared to be strands of his mother’s hair on his face. He also had what appeared to be red spray paint in his hair. Garrett also had an abrasion to his middle finger of his right hand and right inner bicep. There was the same ligature mark around his neck, consistent with the other two. He also had a scratch on his neck. Garrett's larynx and hyoid were intact.

The messages on the walls at the Coleman scene were photographed and police said they appeared to be “Helter Skelter” type messages, referring to the 1968 Manson murders in California.

In many of Edwards’ messages he would leave the E’s and the D’s to stand out. He did so in the Coleman murder. Look at the words closely. The wall on the left was said by police to say, “I Saw You Leave.” The writing on the right wall was said to say “Fuck You I Am Always Watching.”

Edward Wayne Edwards new [Charles Manson](#) and grew up with him in Cleveland, Ohio in the 30’s and 40’s. Both were in Chillicothe Prison together in 1952. Both were [released](#) in 1967 from prison and went on to create terror. Edwards competed with Manson for recognition and terror throughout his life. Edwards admitted his relationship with Charley Manson in a 1993 letter he wrote to the FBI. **(Page 128 my book)**

Another message read

A message that ran up the staircase to the murder scene read:

The message on Gavin's bed read:

The crime scene sketch shows the layout of Sheri, the boys and the house. The Yellow indicates the area the messages were sprayed downstairs.

The diagram of the crime scene shows the way the victims were laid out in the home. Sherri was laid out ritualistically, facedown, arms out and bent, feet crossed and hair draped over her face. Sherri was on a round shaped bed with a cross metal frame. The bed had been donated to Destiny Church in St. Louis where Sheri was the receptionist. Christopher Coleman was out of the country when Sheri got the bed.

Gavin and Garret were both covered in a white blanket. Sherri was not covered and she was staged, meaning the killer took the time to pull off the covers, place her crosswise on the bed, cross her legs, stretch out her arms and drape her hair over her face.

The spray paint used for the writings was said to be purchased by Christopher Coleman to make a target for his children's Nerf Guns and was purchased in 2008. Chris had purchased other cans for his employer, Joyce Meyer Ministries for work projects. **(From Police Report)**

- Receipt from The Home Depot dated 7-29-08 with the purchase of spray paint.

The paint had been sitting on the computer desk in the basement of the house. The killer was said to have entered through the unlocked basement window near the computer desk but this was most likely staged. Edwards most likely obtained a key prior to the murder, possibly through Destiny Church where Sheri worked as a receptionist and the round bed was donated.

Edwards was already in the house as Chris was leaving for the gym at 5:37 am that's one reason he wrote "I Saw You Leave."

In the [JonBenet Ramsey](#) case, Edwards staged the basement window to appear as the point of entry. He was already in the house in the JonBenet Ramsey case and would have already gained access to the home before Chris left. Edwards used the sound of the garage opening and Chris leaving to surprise Sheri and kill her quickly. Their bed was above the garage. The open basement window was staged to appear as if the screen was pried off. This would implicate Chris. Chris had told police all the windows were locked yet this one was found open. This was the killers escape not entry. There was no grass or signs that anyone climbed in the window because they climbed out, to avoid the camera's in front that were set-up prior to the murder.

There may have been a can of “Air Duster” in the house by the computer desk as Chris stated, *“Sherri used it to dust off computers at work and so did I.”* **(Interview with Chris in 2015)** There was a large amount of computer and surveillance equipment in the home because of previous threats before the murder, and Chris and Sheri’s security business. A surveillance system had been set-up and the killer knew it. He took the DVD player, destroyed it and planted the face cover on the highway Chris was taking to the gym, implying Chris threw it out.

[Air Duster or Gas Duster](#) is compressed air used to keep camera lenses clean and computer equipment dust free. The liquid, when released from the can, boils at a very low temperature, rapidly cooling any surface it touches. This can cause frostbite on contact with skin. As the can gets very cold during extended use, holding the can itself can result in frostbite.

The smell of paint was in the air when police arrived on the scene at 6:47am. Chris had left at 5:37am and was only gone an hour. He was searched and his clothing was analyzed. He had no paint on him. The amount of spraying that it took to write the messages would have left a fine mist of paint everywhere within close proximity.

The killer appeared to start writing the messages at main level and worked his way up the staircase to the boys in bed. Some of the writings were actually written from the end of the phrase and sprayed to the beginning. The writings were very artistic and the killer knew exactly what he was going to write and how before he went in. The killer would have walked through the fine mist of paint as he exited.

Chris had only been gone one hour but police stated the bodies were in an advanced stage of Rigor Mortis. Experts testified at Chris' trial that the killing happened around 3am, before Chris left the house. The time frame was partially based on Chris's phone connecting to the internet at 2:47am. Police speculated he must have been awake, fought with Sheri and killed them all.

The advanced stage of rigor to Sherri was another contributing factor to the 3:00am time of death. [Dr. Baden was supplied a letter on May 19, 2009](#) that he based his decision on.

The victims were all cold to the touch and thick skinned near the neck when officers checked for a pulse at about 7:00am, 1 hour and 25 minutes after the murder.

What police and experts didn't realize is the killer was staging the scene to appear as if it happened earlier. Experts would not have even considered that the killer could have used "Air Duster" to spray the victims after death and cool their skin to the touch. The first place you check for a pulse is usually in the neck, and officers did that in this case. Air Duster sprayed by the killer on the neck would have made the skin cold and thick to the touch after death, because there is no more blood flow. It would also advance rigor and alter the time of death. It would only take seconds to complete. It is the only way Edwards could successfully set-up Chris. The Air Duster would not change the "ambient" temperature of the room, and would not be noticed by police. Air Duster does have chemical properties and if the pathologist collected skin samples at autopsy there could be testing done. Air Duster leaves an aerosol smell and the first responding officer testified in a deposition that he smelled an aerosol.

Based on Dr. Baden's opinion, Christopher Coleman was arrested May 19th, 2009, the day the letter was sent to Baden.

Opinion:

As part of the set-up, Edwards would have used air-duster to make the time of death appear earlier; otherwise the set-up would not work. The killer already knew Chris' schedule and said so in the threatening messages. Chris was only gone one hour and he always text or called to wake Sherri. The killer knew this. He texted Sherri within minutes of leaving the home and she was already dead. The killer was in the house before Chris opened the garage door. The sound of the garage door opening and the truck pulling out allowed him to sneak up the stairs un- heard. Sheri's bedroom was over the garage.

Chris had no paint on him. The paint smell would have covered up any hint of a chemical like Air Duster in the room. The paint can was removed from the scene and Edwards would have removed the Air Duster also. By 2009 Edwards was a computer genius and knew all about the properties of Air Duster. Edwards was always about outsmarting the experts and Dr. Baden was an expert that was wrong on other cases Edwards had committed.

Edwards taunted Experts who testified at his murder trial set-ups. He was the one that knew what happened, not the expert. Edwards did set-ups of cheating husbands since setting up Dr. Sam Sheppard in Cleveland, Ohio, July 4th, 1954 for killing his pregnant wife in bed. Dr. Sheppard was acquitted at a new trial in 1967 just before Edwards started the Zodiac killings. He had set-up Dr. Sheppard and wrote about it in his 1972 book as a puzzle.

Christopher Coleman was under suspicion from the beginning because Sherri appeared to be in an advanced stage of rigor mortis and post mortem lividity, which is the stiffening of the body and settling of the blood after death. As the body cools this becomes more prominent and eventually subsides.

Early in the day, while Chris was still at the scene, a blogger on the St. Louis Post Dispatch stated: *"Husband has been dating a girl from St. Petersburg Florida named Tara Lintz."*

The bloggers name was "Cowgirl1969"

An unknown blogger led police to the affair Chris was having with Tara Lintz. The blog name was “Cowgirl1969.” The blog name leaves you thinking that it was a woman that wrote it. 1969 is the year Edwards announced himself out west in San Francisco as The Zodiac. The name

“Cowgirl1969” ties to Edwards; killing girls out west in 1969.

Edwards had used his Grandmother’s name “Anabel” in the same type of a blog in Fayetteville, North Carolina, June 14th, 2008, a year before the Colemans. In this case he strangled and drowned a pregnant female and wrote the Zodiac sign in red lipstick on the mirror setting up the boyfriend, Edgar Patino. Edwards blogged after the murder that Edgar Patino was having an affair with the victim Megan Touma. Police went after Patino. Edwards taunted the press and police with a Zodiac Killer letter stating he was at the scene. The note was typed on a typewriter like some of the Coleman letters found in the mailbox.

Edwards used a female blog name when he led police in this case to a man named Edgar Patino who was also having an affair with the victim.

Sheri Coleman had her Facebook page hacked just prior to her death, and she suspected a woman had done it. Edwards portrayed himself on line as a woman and a man from 1996 until 2009 using the names [Jen1orbit](#) and [joe1orbit](#).

What happened in Chris’ case is Edwards MO. Edwards chose his victims and picked wife cheaters to set-up. In the North Carolina case in 2008 Edgar Patino actually pled guilty in [November, 2010](#) to avoid being put to death. He has lost all appeals, maintains his innocence, but has no attorney.

Christopher Coleman was interviewed by police from 11:09am until 5:00pm. The blog that exposed the affair came into the St. Louis Post Dispatch and it portrayed a woman had sent it. It was deleted after the Illinois Terrorism Task Force notified Columbia police about it.

Police contacted Tara Lintz in Florida while Chris was being interviewed and she confirmed the affair. Between Sherri's state of rigor, the blog and the cheating accusations, the set-up had worked, and police suspected Chris had killed his family. Chris became the only suspect at this point and all the time was spent proving Chris wrote the messages rather than looking at what the message really said.

Chris had no paint on him or his clothes, and was clocked in at the gym during the time of the killing. The killer stole the DVD player which Chris had installed because of the death threats he received 6 months before the killing. The DVD Face plate was found planted on the side of the highway leading into St. Louis and the bridge Chris took to the gym. This implicated Chris again as police said he threw it out the window on the way to the gym. By planting the evidence crossing state lines it brought in the St. Louis FBI office and homicide task force, the very people Edwards taunted his entire life.

The faceplate had a fingerprint on it. It was entered into AFIS and it was not Chris'. The fingerprint on the faceplate would have been planted by Edwards but most likely belong to a previous victim of his. **(Robert A Wiles, kidnapped April 1, 2008 by Edwards, body never found)** Edwards planted fingerprints at many of his scenes. He would actually cut off fingers and use them to plant evidence.

Edwards planted fingerprints in blood at the Zodiac cab driver killing in San Francisco, 1969. (Cowgirl1969) Edwards had used a previous victim's finger to leave the print. Edwards also planted hair on many of his victim's bodies. This would implicate anyone but him.

Gavin and Garrett both had obvious long black hairs placed on their face, neck and chest. There were more than 6. Experts concluded the hairs were transferred by the noose used to strangle Sheri first. The hairs, and the way they were placed on the victims was a clue that Edwards left at many of his scenes. Edwards had placed hairs on dozens of other victims.

Edwards knew the FBI was falsely testifying the last 30 years about hair evidence because he was planting hair and they were confirming wrong analysis. [The FBI just recently admitted that their hair analysis has been flawed for 40 years.](#) Edwards knew this, and the hairs on the boys should be DNA tested.

At the time the Colemans were killed, Edwards had a previous victim's body hidden. The victim's name was [Robert A Wiles from Melbourne, Florida.](#) Robert had lived in the same city Tara Lintz and Christopher Coleman had the affair in, November 2008. Robert was killed April 1st, 2008 in Lakeland, Florida. His body has never been found. Robert had brown hair. **(Page 358 my book)**

Serial Killer Edward Wayne Edwards, DOB 6-14-1933, DOD 4-7-2011, killed the Coleman family and signed his name in an “Illusion Writing” in red spray paint, painted on the walls at the murder scene. Edwards used the letters in mirror image from his name to form the message “I Saw You Leave”

I Saw You Leave

Police Reports State It Said: “I SAW YOU LEAVE”

If you look closely at the A in LEAVE you will see it is not an A at all. It is an upside down number 4 and the number 7 right side up combined, the 4 being sprayed last- the 7 first. The large capital E has a long middle stem pointing to the upside down #4. The 4th letter of the Alphabet is D. Two 7s in mirror image make a W. The word YOU did not contain the letters “y, o, u” but were the letters “w, d, s” in mirror image.

Starting with the word “YOU” you can see that it is made with a sideways “S” attached to an upside down “d” which points to the large capital “E”.

Eds

Mirror Image Eds

47 Eds

Ed and 4 D's to name $n=r$

Throughout the message Edwards gave his name as a puzzle in mirror imaged letters. The remaining letters to his name are in the other words. The word “SAW” was made with a sideways small case “n” attached to a small case “r.” In Edwards’ 1970 Zodiac Killer Identity Cipher he substituted a small case “n” for a small case “r” and it revealed his name.

I

I'm

The “Y” in “YOU” was made with an upside down small case “m” pointing to the large strange “I” above it. The “I” is missing its top right stem which was a clue as to where to put the Apostrophe sign found in the “W” in “SAW.” The use of the Apostrophe sign means you move the upside down “m” in “YOU” up to the “I” and you get “I’m”

Edwards had started his Zodiac Killer Ciphers with “I’M.” When it was solved in 2010 they said “I’m Edward E”

There are 7 letters to his last name and 4 D’s to the name Edward Wayne Edwards. Edwards used the numbers 4 and 7 in the puzzle as a clue. The year 47 he became a serial killer.

LIBER 777, Murder and Mayhem, Aleister Crowley’s 1903 book of magic and allusion was the satanic religion Edwards followed. His messages were illusions that contained hidden text identifying the writer. They could never have been solved without knowing his name first.

The hidden text within the writing left the following 12 letters and one apostrophe.

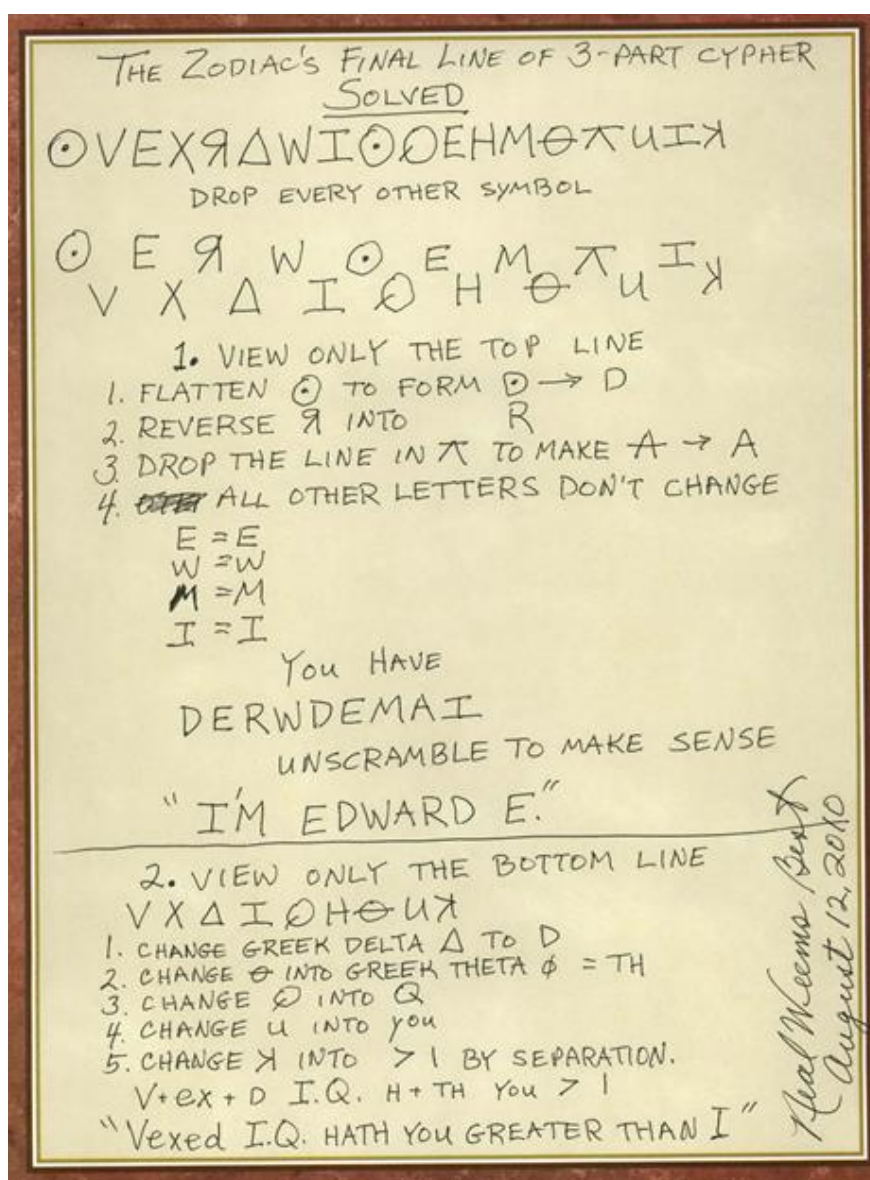

SDRAWDEWDEM'I

1 2 3 4 5 6 7 8 9 10 11 12 13

I'M ED W EDWARDS

There were 13 characters to the name Edward Edwards

In 1969 Edwards' sent an 18 character Zodiac Killer Cipher to the press. There are 18 characters to the name Edward Wayne Edwards.

"I'M EDWARD E." "Vexed I.Q. HATH YOU GREATER THAN I"

Edwards used Greek in his zodiac killer puzzles form 1969. (Cowgirl1969) Edwards taunted police and the press in his messages with his IQ. It was officially registered at 132 in 1946. He used his messages and puzzles to hide hidden meanings that contained his name.

Edwards had substituted "n" for "r" in his 13 character 1970 Zodiac Killer Identity Cipher that we solved in 2010. He substituted "n" for "r" in the 13 character Coleman writing. In the 13 character Zodiac Killer Writing Edwards also gave his name "EDWARD EDWARDS."

Zodiac Killer April 20, 1970 Identity Cipher and Solution

Edwards used mirror imaged letters of his own name in many of his Zodiac ciphers and he did it at the Coleman murder scene. The only Zodiac cipher solved by the public prior to the revelation of Ed Edwards stated the following:

“ I LIKE KILLING PEOPLE BECAUSE IT IS SO
MUCH FUN IT IS MORE FUN THAN KILLING WILD
GAME IN THE FORREST BECAUSE MAN IS THE
MOST DANGEROUE ANAMAL OF ALL TO KILL
SOMETHING GIVES ME THE MOST THRILLING

Edwards life was based on LIBER 777 and Thelema, [Aleister Crowley's blue print of murder and mayhem](#). Developed in the early 1900's, Edwards based his killings on magic and allusion's taught by Aleister Crowley. Edwards would be considered the highest level priest in a sick satanic society.

7 years before the Coleman's were killed, Edwards confessed to being the killer of the Black Dahlia on the website www.blackdahliasolution.org. On the site he detailed how his messages contain hidden text that reveals his identity. Some of this is explained in my published 2014 book.

Here is Ed Edwards own words describing his cipher's, codes and messages left at his scenes since 1947 when he killed The Black Dahlia.

"The "ZODIAC killer" of the late 1960s used this type of cipher in some messages he mailed to San Francisco-area newspapers. And the 1947 Black Dahlia killer used another type of cipher in cryptograms he sent to LAPD and the LA Examiner. His cerebral ciphers fall under the category of "concealment systems." These systems include the various ways of disguising a secret text or meaning. A message or code might be hidden in the 1st letters of words in an otherwise innocuous text such as: "Give me a square deal." Secret text might be concealed within the last letters of words in cover text, or within the 2nd or 3rd letters, or cryptic text might be indicated by pin pricks above significant letters or by shaded letters: we saw this in Ed's 2nd message. And secret text might be hidden in last letters of lines, or along "routes", through cover text: we saw this in Ed's 2nd message." (Ed Edwards November 2002, Blackdahliasolution.org)

The message at the Coleman murder scene that stated "U Have Paid" contained hidden text and followed "Routes" like Edwards said above. In the Coleman case the route was the stairway up to the killings and the "innocuous text" he describes above was "U have Paid."

Just as Edwards described above on his Black Dahlia confession site, The “P” in the word PAID was not made with the letter “P.” It was a straight line or small case “L” and the letter “D” sprayed cockeyed from it. This was a clue that there was a hidden text and a message from the killer, just as Edwards described above on his “Dahlia” confessional website.

The word PAID contained mirror imaged letters to the word DAHLIA

LDAHIA=DAHLIA

The word PAID was made with the following letters LDAHIA=DAHLIA

DAHLIA

The message PAID at the Coleman Scene said Dahlia. If you Google the obvious name and numbers in the messages, “Ed” “47” and “Dahlia,” the first thing that comes up is Edward Wayne Edwards website, www.blackdahliasolution.org The site was the solution to all of his murders dating back to the Lipstick killings of 1945-46 and the killing of Elizabeth Short, The Black Dahlia. The site detailed how to break Edward Wayne Edwards’ codes.

Chicago, Illinois Lipstick Killer Victims and The Black Dahlia

The “e” in “Have” is the same as the “c” from Edwards’ 1945-46 Lipstick Killings message. The message back in 1946 written in red lipstick meant “Catch Edward Edwards.”

May 5th, 2009, Columbia Ill

June 5th, 1945, Chicago, Ill

“U HAV ED DAHLIA”

:

Edwards used the Greek Theta for the “A” in “Always” and the “A” in “Watching.” The Theta is the 8th symbol of the Greek Alphabet. The number 8 represents Eternity. The Archaic Theta was considered the symbol of death in ancient times, and was represented by the Circle and the Cross. ⊗ Edwards had used the Greek Theta throughout his 1969-70 Zodiac puzzles because it represented his signature, the Zodiac Cross and Circle. That’s why he used it at the Colemans.

The police who responded to the scene of the Coleman murder have stated on 48 Hours that the writings appeared to be "Helter Skelter." They were. Ed Edwards knew Charlie Manson since 1945 and said so in a letter I recovered in 2010 that he had sent to the [FBI in 1993](#). Edwards also mentioned knowing many big name mobsters from Chicago. (Page 126 my book)

open and I still give information to the FBI and other police. I talk to an Agent in Painesville now. The reason I would like to have your writings about all this is because I am writing another book.

My first book was about my Metamorphosis and the one I am writing now is about some of your worst criminals who I knew, celled with, and even went to school with while in prison. A few of those men are, Tony Provenzano, Billie Sol Estes, Anthony Deangelis, Albert Nussbaum, Peter Curry, Charles Manson, Vito Genovese, Frank Spreng, John Paul Chase, Clarence Carnes, Oscar Collazo, Andres Cordero, Rafael Miranda, Teddy Green, Leon Beardon, Clyde Johnson, Darl Lee Parker, Barry Keenan, George Gessner, Morton SOBELL and others. It was James Hoffa that got me a job driving truck so I would have a parole plan when released from Lewisburg in 1967. I also talked to the FBI after he came up missing as it was me who broke up the fight between Hoffa and Provenzano at Lewisburg.

Thank you for your time and I hope you will be able to give me the information I need.

I have changed! I have been married 25 years and have a 24 year old daughter with two children, a 23 year old son in the Air Force with one son, a 21 year old son that is now a school teacher, a 19 year old in the Army, and a 17 year old daughter still at home. Two of the boys were State Wrestling Champions and the school teacher was asked to go to the STATE POLICE ACADEMY.

We would all like to thank you for your help in this matter.

Edward Wayne Edwards

Portion of July 7th, 1993 Letter sent to FBI by Ed Edwards

Edwards was friends with Charles Manson and both were born in Cleveland, Ohio, one year apart at the height of the Great Depression. They were both in Chillicothe Prison, Ohio in 1952-53.

Edwards and Manson were paroled in 1967 and started killing again. Manson got caught. Edwards didn't, and committed The Zodiac Killings to compete with Manson, who had committed Helter Skelter. The two competed for recognition, but Edwards was a genius level sociopath. Both men wrote on the walls in Red.

Edwards also mentioned [Tony Provenzano](#) in the above FBI letter. Tony was a well-known Italian mobster that Edwards attempted to set-up for the killing of Jimmy Hoffa in 1975. Edwards killed Hoffa and informed the FBI on Tony Provenzano while he was living with his wife in Florida. He admitted to me and in the above letter. Edwards targeted mobsters and their families to destroy.

Edwards became a Ritual Killer in 1947 at age 13. As a ritual killer he killed near water his entire life. The Coleman home was on Columbia Lake. The back entrance of the home shows a quick escape route that is blinded by trees and shrubs.

On May 5th, 2009 sunrise was 5:59am. The killer was in the home by 5:37am, the time Chris left for the gym. By sunrise, Edwards would have killed the victims and sprayed the messages. He walked out the back way unnoticed. Everything he did was pre-planned and he always had an escape route and a ruse. He would have been covered from head to toe like he was in the Zodiac case in 1969, and removed his cover while walking away unnoticed. He would have had a murder bag or duffel bag. [He describes in detail on this YouTube video his detail and planning of his murders.](#)

Edwards was always able to place the threatening letters in the Coleman mailbox unnoticed, even after cameras were set-up. That is why many of the messages stated “I Saw You,” or “I’m Always Watching.” Edwards was always inside his victims unbeknownst to them and knew where the cameras were. He would have looked like a harmless old man. He most likely visited with the Columbia Police Department in the past under assumed identity.

Both Sheri and Chris worked for religious organizations, both were ex-military police and both were having marital problems. Edwards always got into his victims through the ruse of being a Dr. of psychiatry or a pastor, counseling people in churches and killing their closest friends and neighbors. **(Page 74 my book)**

The threatening messages started 6 months before the killing in November of 2008. At that time, Edwards was in Florida taunting another victim of his with a message. Edwards sent this letter to the family of Robert A Wiles who he had killed April 1, 2008. The letter was a parable and actually detailed how he flew in and out of Chicago and got into his victims.

Re: Wiles kidnapping case

Dear Mr. Wiles,

I have heard news reports about this young man, **your** son, who was kidnapped. I know nothing about your son, but I do know a person who may be of interest.

This person likes to maintain a very high profile and because he is not instrument rated, regularly hires pilots to charter him around the country out of the Toledo area and may **have** hired this young man to charter him to Suttons Bay, Michigan, Chicago, Florida and other places in 2005-2006 and perhaps during these last couple years. He is an unusually intelligent psychologist **highly** skilled in mind control and hypnosis. His name is Zubin J. Mistry.

*If the person hired your firm to charter for him, I would be **highly** suspicious that he may be responsible for your son's kidnapping.*

I can only say that this person used hypnosis and rohypnol in an attempt to defraud me of my estate, valued at just under 1 million dollars. **As** a doctor and son of a family of doctors and **lawyers**, he has access to the social security numbers, dates of birth and mother's maiden name of nearly anyone who has a health care record and having this information on me, he was thereby able to access my financial accounts and computer. He hacked my computer and altered my trust to make himself the sole beneficiary and then poisoned me. I nearly died. If I had, he would have inherited every asset I held. Because he is a doctor, he is above suspicion and unquestioned by most everyone.

He also spends **much more** than he earns, makes bad **business** deals and tries to manipulate people out of their money to **gain** it for himself. I know he had done this to other **well off** women for financial **gain** and given that he regularly hires pilots, *if* and I want to say *if he hired your son*, he may **have** targeted your son. If he is not a customer, I would dismiss this letter. But if he ever has hired your firm, you really need to investigate this person further.

Besides having assets he wanted, I knew way too **much** about this person. I believe he didn't want me as a witness to other criminal acts he committed, and tried to kill 2 birds with one stone in targeting me.

This person is a **genius** level sociopath, into **sadomasochism**, and derives sexual fulfillment from torturing people, male or female. Please do not turn this over to the FBI unless you verify *he was a customer*. I am afraid of him and if he found out I told you about him, he would sue me, if he could, to **get** my money or just kill me. He tried more than once and he's hard to get away from.

Best of Luck finding your son.

Edwards used the ruse of being a Dr. of Psychiatry, a policeman and a preacher throughout life. Chris and Sheri were both being counseled through their churches at the time of the murder. Edwards was also an expert at hypnosis and used drugs to lull his victims. He could hack any computer, and in 2008 he had gained access to Robert Wiles Email accounts and phone just like he did to Christopher Coleman.

Edwards was also in the Marines and targeted military people to destroy. Chris was in the Marines and Sheri was in the air force. Both were former MP's and Edwards would have easily identified with them, unbeknownst to them. Edwards never used the name Ed Edwards. He used the name "Wayne" with dozens of assumed identities and Alias names. Here are a few of his alias' names provided to me by his daughter [April Edwards, on a timeline](#) of her life she supplied me. Notice the name "Myers."

Other alias we know about:

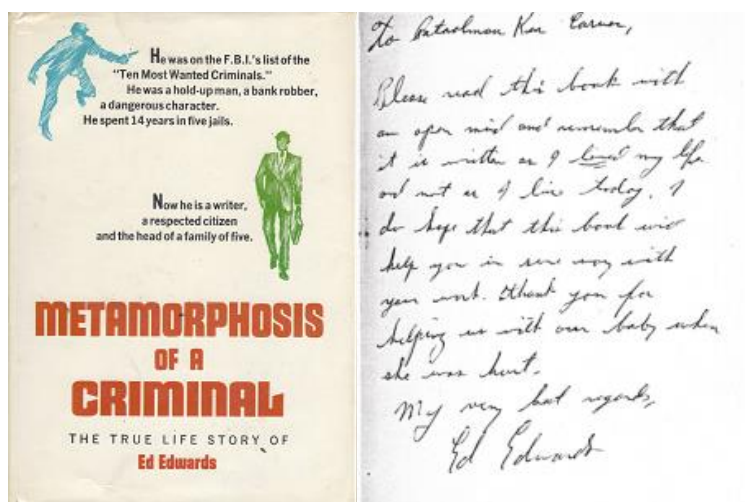

Charles Raymond Myers
Fred Knotte Edwards
Jeffrey Wayne Myers
Wayne Edward Murray

Charles Alan Murray
Charles Edger Myers
Dustin Meckley

Edwards was a writer and published his autobiography in 1972 at age 39. He claimed in the book that he was a former criminal, a suspect in a double murder, and was once on the FBI's 10 most wanted list. He traveled with his current family throughout the 60s, 70s, 80s, 90s, and 2000s, preaching at churches, schools, police academies and law schools, that he was a former criminal. The book was actually a puzzle, and contained the murders he committed from 1945 until 1968. He then repeated the same types of murders from 1970-2009 all over the country tying it all to names in his book.

The names Coleman, Meyer, Edwards, Columbia, Chicago, Illinois, Florida and Missouri are all in the book. He killed people at these locations and with these names throughout life.

Metamorphosis of a Criminal Link

Edwards was traveling the country with his book, handing it out to police and stalking churches for his next victim. He used his family as a ruse. They did not know he was killing. (**Page 67 my book**)

Edwards would have met Sheri Coleman at her church in St. Louis where she was a receptionist. Edwards would have had something to do with donating the round bed to Sheri so he could kill her on it and lay her out ritually. He considered the way he laid Sheri out as “Satan’s Altar.” He laid her on a bed shaped like the zodiac sign, his signature throughout life.

In [Metamorphosis of a Criminal](#). The name Coleman is listed at the beginning on the acknowledgements page, and Meyer can be found at the end in Edwards’ psychiatric records. Edwards would pick his victims by tying it to a name that was in his book. Paulette Coleman is the name he acknowledged in his book.

assisted with intelligent and imaginative suggestions. Paulette Coleman, housewife, patiently set her nimble fingers to the task of typing.

Edwards used a type writer to type some of the threatening notes left in the mailbox to Christopher Coleman. He tied the killing of the Coleman family to his book because a woman named Paulette Coleman helped him type his book in 1972. This is how deliberate and patient Edwards was in all his murders. They were pre-planned for years. In his book he described how he would plan each murder after 1953, when he was in Chillicothe Prison with Charles Manson.

I used my time in the ward to reflect on my past mistakes. Not that Chillicothe had changed my attitude toward crime—quite the contrary. I decided that when I got out there would be no more stupid, impulsive rip-offs: I would plan every crime deliberately, patiently, and coldbloodedly, whether it was forgery, burglary, or armed robbery. I was still defiant. The world must be made to realize how smart I was. This time I was going to make a full effort to prove my worth.

Ed Edwards October 1953

The Threatening Messages

In the year prior to the murders, the Coleman's were going through a possible divorce. Chris had told Sherri he wanted one in December of 2008. Around this same time Sheri started acting different. She had gotten a tattoo of the word Jesus in Hebrew on the back of her neck. She had gotten the bed from the church, and her Facebook and Myspace pages were hacked. Chris's computer was also hacked on November 14th, 2008 when the first threatening message arrived.

The date of every threat made prior to the Coleman Killing ties back to other killings Edwards did in Montana, California and Florida.

Edwards had killed Adam Walsh in 1981. Adam was born November 14, 1974. November 14th is the date of the first threat. Edwards kidnapped, beheaded and planted Adam's head in a canal of water in Florida, August 10th, 1981. Edwards threatened and taunted Adam Walsh's father, John Walsh with letters and cryptograms after he became the host of "America's Most Wanted." Edwards taunted "America's Most Wanted" because "HE" Edwards, was "Americas Most Wanted" and he taunted John Walsh after Adam's death. The threats were similar as the ones sent to the Coleman's.

AMERICA'S MOST WANTED
OFFICIAL INVESTIGATION TRANSCRIPT

"Scorpion Letters"

Brief:

It's been more than 15 years, but America's Most Wanted is just now ready to reveal a series of very personal threats. In 1991, AMW host John Walsh was sent a series of anonymous, threatening letters that contained cryptic clues, secret codes and claims that the author committed some serious crimes.

The FBI has examined the letters, and while they still don't know who wrote or sent these letters, they say they were not sent by The Zodiac Killer.

And the cryptographs have yet to be solved. Can you help solve this mystery?

Fax your solution to (202) 521-9907 or call our hotline at 1-800-CRIME-TV

I am your worst nightmare coming true. My true identity is not known to you yet, and hopefully will not be for a long time. Your show is more exciting, interesting, and factual than any shitfalled movie or series. I have recently moved into New Jersey and began a new crime spree. I am currently responsible for 23 unsolved crimes ranging from Arson to Burglary to Sabotage homicide and occasionally everything in between. I strongly advise that you keep this letter and start a rather large file, since you will be hearing from me again. I have enclosed a rather difficultly encoded message containing information that will prove ~~useful~~ rather useful to you. This code took a lot of time and effort to develop, in hopes that it will defeat FBI and CIA code-breakers. Anything you wish to tell me or ask me can be conveyed to me on your show.

intricate and difficult to recopy onto these cards. My style of handwriting on these cards is very much altered, and controlled in order to throw off graphologists. I would much rather communicate with you with letters sent between us but you and your over anxious associates would try to nail me even if I used a P.O. Box for a return address. This would create a rather messy situation since I do not plan to be taken alive if at all, and I truly believe in the use of superior firepower. This creates a problem for our communication since the only way I can communicate with you is by letter and possibly phone and your only safe medium in both of our best interests is your informative and helpful show. Consider this your second and definitely last chance, since I will soon start collecting bodies for you, to prove that this is not a prank. Hopefully for you no one will expose themselves to me as an easy target for my ever growing anger before I get a chance to hear from you. I now realize with many hundreds of hours of

The John Walsh Letters were written in Red

Just before the first threat came into the Coleman's, police were preparing to announce that a man named Ottis Toole had killed Adam Walsh. Edwards had killed Adam and was preparing for a revenge killing if Police announced falsely that Ottis Toole killed Adam.

Edwards was in Florida in November and [December of 2008 when Police and John Walsh wrongly announced that Otis Toole killed Adam.](#) Edwards mailed the next threat to the Colemans after this announcement.

Second Coleman Threat Letter January 2, 2009.

This threat was sent on the 53 year anniversary of Edwards killing in Great Falls, Montana January 2, 1956. It was a double murder on a Lovers Lane on water near the Missouri and Sun Rivers. Edwards was dressed like a cop in this case and executed two victims with two shots to the back of their heads. It was an early Zodiac Killing and the answer to who the Zodiac was. This case started my investigation in 2010. Edwards tied the Coleman murder to the Great Falls murder because it is on the Missouri Rivers beginning, and St Louis is on the Missouri's end.

Third Coleman Threat Letter April 6th, 2009. Sheri Coleman received a letter in her mailbox April 6th. Chris had been out of town for a week and wasn't expected back until April 8th. Police stated in 2011 that they never got a report of this letter from Sheri, but Detective Douglas, in an interview with Tara Lintz in May 2009, admitted the letter existed and a report was made. He also admitted that it arrived in the mailbox when Chris Coleman was out of town. Chris could not have placed the letter in his mailbox. He was in Hawaii with Tara Lintz when it arrived. The date of this letter is the 54 year anniversary of Edwards escape from an Akron, Ohio court room.

Dashes To Freedom

A speedy ex-private eye broke from City Jail late Tuesday by the simple expedient of shoving aside the jailer and running.

With a bondsman and the police prosecutor in pursuit, Edward Edwards ran north on S. High st. and lost himself in a theater arcade.

A burglary suspect with a federal record, a man facing charges in two Southern states, Edwards still is missing.

The press, the public, the radio and television stations of the Akron area were asked to cooperate in the manhunt by carrying his picture and description.

He is 21, 5 feet, 8 inches tall, 156 pounds with blue eyes, sandy, wavy hair and a slight hook to his nose.

MOST OF HIS life has been spent in the Akron area. He has relatives living on Sixth st., Cuyahoga Falls, and gave this address at the time he was arrested.

Edwards had just been arraigned on a burglary charge when he made his break.

He appeared before Municipal Judge C. B. McRae in Police Court, heard himself held

Edward Wayne Edwards Escapes April 6, 1955

Edwards' 1955 escape resulted in the FBI making the "FBI's 10 Most Wanted List" Edwards made the list before it existed in 1955 and made it again in 1960.

Tara Lintz Interview about April 6th Letter

21 DETECTIVE DOUGLAS: Why --

22 A. But she would get let -- you see, that's
23 the other thing I don't understand. She would get
24 letters when he was out of town, and I know --

1 Q. Only one time.

2 A. But he was out of town. So who put them
3 in the mailbox? So he obviously --

4 Q. Well --

5 A. -- had somebody working with him --

6 Q. The letter was received on a Monday when
7 he went out -- on Sunday.

8 (Phone buzzes.)

9 A. It came in the middle, though. Like I
10 was with him when he got the call about it. I don't
11 know.

12 DETECTIVE DOUGLAS: Okay.

13 Q. I got the police reports, when the
14 reports were made. So that was the only time -- once
15 a letter came when he was supposed to be out of town,
16 and it was on a Monday. So could be a coincidence.

Christopher Coleman was out of town when the threat was delivered. An Email from Chris to Tara Lintz shows the dates he would be gone.

Hey Baby,

Dates are set for Hawaii trip. Joyce and myself are leaving on March 29th or 30th depending on what times the flights go out and returning on April 8th. It is for sure she said book it.

*From Chris
TO Tara*

Chris could not have delivered the letter and this letter was not divulged by police.

Everything Edwards did would tie back to a previous murder and set-up. The April 6th threat that Sheri received, was dated the anniversary of Edwards escape and running the country from April 6th, 1955 until his capture in Montana for robbery March 6th, 1956. He killed 8 people after this escape in the States of Illinois, Montana, California, Idaho, Iowa and Nebraska. Edwards committed a triple murder in Chicago in October, 1955 and set-up a man named [Kenneth Hansen](#). Edwards kidnapped a 14 year old girl in California in April, 1955 and planted the evidence along the highway to lead to [Burton Abbott](#) who was executed.

April 6th was a ritual date for Ed Edwards because of his serial killer spree he started on that date in 1955.

Fourth Threat Letter April 27th, 2009.

Fuck you.

I am giving you the last warning! You have not listened to me and you have not changed your ways. I have warned you to stop traveling and to stop carrying on with this fake religious life of stealing people's money. You think you are so special to do what you do protecting or think you are protecting her. She is a bitch and not worth you doing it. Stop today or else. I know your schedule! You can't hide from me ever. I'm always watching. I know when you leave in the morning and I know when you stay home. I saw you leave this morning. I will be watching. You better stop traveling and doing what you are doing. THIS IS MY LAST WARNING!

YOUR WORST NIGHTMARE IS ABOUT TO HAPPEN!

The similarity to this threat and the John Walsh threat letters is remarkable. The date of this letter is the 54 year anniversary of Edwards grooming Stephanie Bryan in San Francisco, California April 27, 1955, and then kidnapping her the following day using a Birthday Cake to lure her to his car. This killing was 13 years before anyone had ever heard of the Zodiac. Edwards kidnapped, strangled and Stephanie Bryan, planting her clothes and school books along highways and in the home of an innocent man named Burton Abbott. Eventually Edwards planted her body at Burton Abbotts cabin, setting him up. Burton Abbott was executed March 15, 1957 while Edwards was in Deer Lodge Prison, Montana for Robbery. This case is why Edwards wore the Executioners hood as The Zodiac Killer in 1969 at Lake Berryessa. Edwards [told the living victim that he had been in Deer Lodge Prison, killed a guard and stole a car.](#) Edwards had done all three by 1969.

Edwards had set-up Burton Abbott and got him executed. Edwards became the judge, jury and executioner in 1955. Edwards hoped Christopher Coleman would be sentenced to death as the last death penalty case in Illinois in 2009.

The word LEAVE in the Coleman message had a strange looking "A." After looking at it clearly it is an upside down 4 and the number 7. Edwards had used the same symbol in a letter to me in January, 2011 just before Christopher Coleman's trial.

'You said I was the best criminal you knew of. And I should give up trying to stir the shit. I gave up that a long time ago. As me ~~was~~ writing games, you can forget it because it's to much work. Anyway if I am doing

In this letter Edwards was leading me to the Coleman murder by placing the same symbol in the word "Writing Games" as he had sprayed on the wall at the Colemans. At the time I was confronting Edwards about his other murders and writing games. I had not heard of the Coleman murder at the time, but knew he had placed that symbol in the letter as a clue to another murder. All of his letters to me led to other murders. This one was leading me to the writings at the Coleman scene. Chris was about to go to trial at the time I got this letter.

In 2011 I confronted Edward Edwards about him being the Zodiac killer. He responded by beginning the letter with "It's Me!" He confirmed we were right on the solutions to his puzzles.

Hi Neal,

It's me! This letter will be sent from Tenn. or Ky. I think. My friend's wife is sending it. I feel sure they are opening all the mail I am sending out & then resending it after they read it. I am not saying anything wrong but I just don't like it. When you get this don't say anything about how it was sent, but just say, "I got the letter." Please let me know as soon as you can. When I told you in my last letter that it is okay if you write my story I meant it. There is just a lot of things I don't want others to know at this time. believe me I have a lot to say. 😊! I do think of you as a

2.

friend! I hope you & your family are in the best of health. It is starting to get cold here & I know it is there in Mt. I have not been back there since 1959. Don't forget to give me your phone number if you would like for me to call some time. It would be a collect call. I was told the other day that my book is now going for \$1079.⁰⁰ on Amz. com. Too bad I don't get any of it or my family. One day they will. Don't forget to send me a picture "amigo". Well it is time to call it a night. Hope to hear from you real soon.

Good night amigo,
Ed.

Edwards told us he had lots more to tell and he did in every letter he sent to us. We just had to figure out the clues he was leaving.

As the Atlanta Child Killer in 1981, (**Page 173 my book**) Edwards sent a letter to the press stating The Zodiac was killing children and women. Notice the mirror image HK in the word HAVEN'T. It stood for KH. Kay Hedderly, his wives maiden name.

Hello its me. Haven't you people figured out who is killing these little people yet I'll give you a hint, I used to be in San Francisco. I used to stalk women, but I like to kill children now. At all my victims bodies I have left certain clues, but I guess it's too much for you Rebels to handle. So I guess I'll have to tell you. I'll to kill children because they are so easy to "pick off". Buy the way, if you still have letters from the other murders, I am not writing in the same hand writing.

Zodiac

As the Atlanta Child Killer Ed Edwards set-up Wayne Williams, currently the longest serving set-up of Ed Edwards. Wayne has been imprisoned since his conviction, February, 1982. One month later, Ed Edwards was caught in Atlanta with a police uniform, March of 1982. Edwards was attending the trial of Wayne Williams. "I'm Always Watching."

Edwards was arrested for his first murder July 30, 2009 in Louisville, Kentucky. He was 76 years old, married to his wife Kay since 1968 and had 5 children, 11 grandchildren. He had been married twice before, in 1955 and 1959. I interviewed his wives. (**Page 201 my book**)

Although in the end he portrayed himself as a cripple, he was never wheel chair bound unless he was doing a ruse. Edwards forced prison staff to push him around in a wheel chair in 2009, 2010 and 2011. He was treated like royalty before his death as he informed on murders to cops everywhere.

In 1972 when he was suspected of possibly being the Zodiac Killer, he faked a broken back and police didn't follow up. He used the wheel chair ruse in 2009 once he was identified as a serial killer with the hopes that someone would get lazy and he could escape again as he had in 1949, 1950, 1955 and 1959. In 2011, as the prison staff pushed him to his cell, he would stand up and walk to his bed. The wheel chair ruse allowed everyone to think that he could not harm anyone.

Edwards was caught in Kentucky July 30th, 2009. Sheri Coleman was in Kentucky two weeks prior to her death, April 16th, 2009. She was armed with a gun and acting paranoid. She had received the April 6th threat in her mailbox and Chris was out of the country. Police have failed to release this message. Sheri attended a fashion show in Lexington, Kentucky and went out on the town. Ed Edwards attended fashion shows and beauty pageants throughout life stalking his next victims.

In the JonBenet Ramsey case he sent a letter from the Miss America Pageant telling the Boulder police someone in the family killed JonBenet. Edwards always steered the evidence to someone innocent and many times he framed the parents like he did to John and Patsy Ramsey, and Chris Coleman.

Edwards used his wife and kids as a ruse as he traveled the country from 1955 until 2009, killing people and setting people up in every state. It began in Illinois in 1945 and ended in Illinois in 2009 with the triple killing of Sherri Gavin and Garret and set-up of Chris.

Edwards spent a total of 13 years of his 77 year life in prison for such things as Bank Robbery, Impersonating an Officer, Burglary, Robbery, Assault, Weapons, Kidnapping. He was an FBI informant for 55 years, informing on his own murders and setting up people. **(Page 185 my book)** Edwards' book titled Metamorphosis of a Criminal really meant the Metamorphosis of the worst serial killer ever.

Edwards pled guilty in Ohio in 2010 to 5 murders spanning Ohio and Wisconsin from 1977 until 1996. The murders involved kidnapping couples, torturing them, tying them up, strangling them, stabbing them, shooting them and hiding their bodies. He planted obvious hairs on his victims' bodies at his scenes that belonged to previous victims. He collected a quarter of a million dollars life insurance in the 1996 case. Edwards profited off of murder his whole life. **(Chapter 1 my book)**

Just before his capture, and only 2 months after killing the Colemans, Edwards went on-line and admitted to being the zodiac killer and the killer of Adam Walsh. He supplied clues in the rant that led to the Colemans. He used the name BABABIJAN which means "John is Father"

June 14, 2009 at 10:04 pm

(11) bababijan says:

It was very convenient for John Walsh to go along with the official decision to close the unsolved case of the kidnapping and murder of his son, Adam, because some police officials in Florida were convinced that they would be far better off to pin such a horrible crime on a dead con man, Ottis Toole, instead of pursuing the

diabolical force behind the kidnappings and murders of so many children in America regardless of their colors.

Let us not forget the Scorpion's warning for John Walsh that he was his worst nightmare. Why? Did Zodiac change his pen name back in 1990 to Scorpion to cryptically claim responsibility for Adam's demise? Why did John Walsh remain mum for so many years before partially releasing the Scorpion files for the public?

Several months after the Zodiac's "Forced Bussing" letter of March 1, 1981, Adam mysteriously disappeared on July 27, 1981. Adam was born on November 14, 1974. Using July 27, 1974, as a clocking event, then this date was magically clocked to coincide with the 21st anniversary of the Korean war's armistice in 1953. It is important to remember that 1974 was a busy year for Zodiac.

Adam's head was recovered near a body of water in Florida on August 10, 1981, which magically coincided with the 46th birthday of Robert DeGrimston, who was born on August 10, 1935, in Shanghai, China, which was a signatory party to the 1953 armistice.

The disappearance date of July 27, 1981, also magically coincided with the 28th anniversary, or ash anniversary, of the Korean war's armistice in 1953.

On May 27, 2009, North Korea unilaterally decided to withdraw from the 1953 armistice, which South Korea refused to be a signatory party to it despite of promising to observe the terms of ceasefire. As per Zodiac's warning of doom, "Ash America," is North Korea getting ready to ash America with a lot of help from the cuckoo-clock Nazi Islamic zombies of doom in Iran? Let the rigged re-election of the Nazi puppet president of Iran be a warning to the whole world that the mankind as we know it now is in danger of extinction if Zodiac Network is not fully exposed and ultimately curtailed.

The cryptic numeric clues of 46 and 21 can be simultaneously cracked as: Liber 21, which can be equalized as: Liber (7 + 7 +

7), or Liber 777, which was Aleister Crowley's blueprint for murder & mayhem (M & M).

The cryptic alphabetic clue of "water" can be numeralized as: 67, which can be equalized as: (46 + 7 + 7 + 7), which can be written as: 46 777, which can be cracked as: Liber 777.

If not for the police, then let us hope that this info can be used as a head start by John Walsh if he really wants to find out the truth about the death of his son. He owes him that more than any other person in America.

In my opinion, Zodiac Network must be listed on the top of John Walsh's America's Most Wanted list for the whole world to see. Anything less will be unacceptable.

Edwards stated above: *The cryptic alphabetic clue of "water" can be numeralized as: 67, which can be equalized as: (46+7+7+7), which can be written as: 46 777, which can be cracked as: Liber 777.*

Edwards also mentioned in the confession the date “May 27th, 2009” and that was the date the results of a search warrant were released to the public by court order in the Christopher Coleman case, and posted online by the [St Louis Post Dispatch](#).

Edwards taunted the media his whole life and had spoken in Missouri in 1972 with the Under Secretary of the United Nations. He also got himself photographed with a Captain of the Atlanta Police Department after he had killed 24 kids in Atlanta in 1979-81.

Dr. Nicol Davidson, Under Secretary General of the United Nations. Dr. Davidson appeared on this show, KMBC in Kansas City, Mo., with Ed and discussed crime in the U.S. compared to other countries.

Capt. Larry Bradley, Atlanta, Georgia Police Dept. and Ed. While Capt. Bradley and Ed are the best of friends today, it was Capt. Bradley who led the raid and arrested Ed in Atlanta in 1962.

Edwards also gave the clue of “Korea” in the confession, which is also mentioned 4 times in his book. It was the Korean War he joined the Marines to go fight in, in June of 1950, went AWOL and started another serial killer spree.

Korea is also the only word he left on the paint brush handle used as part of the Garrote he strangled JonBenet Ramsey with in 1996.(666 mirror image) Edwards strangled her in her own home, just like the Coleman’s. The Foreign Faction in the JonBenet Ramsey case was Edward Edwards.

In 2010 I befriended Edward Wayne Edwards and ended up in the most intense homicide investigation I have ever been involved in. I never wanted to write a book, but after unraveling Ed Edwards and realizing public officials were hoping it would all go away, I had to publish my book. Officials at all levels have done everything to destroy my credibility the past 5 years because of what this reveals. It does not matter because Edwards put it all out there to be solved, you just had to challenge him.

After the book was published it revealed that Edward Wayne Edwards had killed the Coleman family. When I received the Discovery in the Christopher Coleman case I found that Edwards had signed his name to the messages on the walls. The messages said:

“I’m Ed W Edwards, “U hav E Dahlia” “Punish Ed”

“46” “47” “777”

By Googling the phrase **“EDS 47 Dahlia”** you are taken to Edward Wayne Edwards, 2002 confession to killing [The Black Dahlia in 1947](#) and Suzanne Degnan in 1946. The site details how to crack his codes left at these scenes, and how to crack the messages at the Coleman Murder Scene. Edwards signed the crime and nobody else would have put his name on the wall. His ego would not allow it.

I hope this helps Christopher Coleman get released.

Respectfully

John A Cameron
